

Flow meter / Logger Download Permission Form

I, give Boraman Consultants Ltd permission to download and report the information, related to the consent(s) (listed below) to Environment Canterbury.

I understand that Boraman Consultants Ltd will interpret my consent conditions and load the parameters into their "Hilltop" database for comparison against my abstraction.

The information will be presented to Environment Canterbury as per my consent.

The raw information will also be submitted.

I understand that Boraman Consultants Ltd will be charging for this services, this portion of the service will no longer be provided by ECan.

I understand that ECan will still charge me in relation to this consent for interpreting the report submitted by Boraman Consultants Ltd.

Note: ECan may require a follow up visit if there have been issues with non-compliance. This would be charged direct to the client by ECan
